REGISTER NOW

Speaker
Paul Bloemendal

Key Takeaways:

1. Introduction to CME and BMD Oil
2. Futures as a risk management tool
3. Current market scenario based on the latest supply and demand
4. Mid-Long term price drivers (macro, fundamental and seasonal)

Paul Bloemendal is a strategic and business minded visionary leader with a proven background in strategic reframing, risk management, commodity trade, and supply chain operations. He has remarkable acumen in spearheading complex projects in ambiguous environments, including start-up operations and new business ventures.

Paul is currently the CEO of a company involved in strategic reframing solutions for commodities and trade and initiating start-ups and investments in 18 companies for corporate expansion and profit optimization.

Paul has experience in sales management for the larger APAC region including Australia, Africa, and Asia. He also has experience in ensuring compliance with OTC price risk management and providing effective trading and hedging solutions for commodities and FX.
